

**PRO WAVE**  
International Exhibition on  
Professional Sound, Light & Entertainment Industry

# PIONEERING PROWAVE....

12-14 MARCH 2021 - HYDERABAD

## Our Success Story

The 8<sup>th</sup> Edition of PROWAVE Expo was the first ever physical expo of the Pro-Sound, Light & Entertainment Industry to be held after the pandemic lockdown globally. We are proud to announce that this undaunted step has come off with flying colours. Our keen understanding in the market movement has once again proven to yield the best possible result for the entire industry. Organizing such an event with huge responsibility over our shoulders wasn't an ordinary task, but it was made possible along with the help of the exhibitors and vendors. The visitors too were co-operative in following the safety protocols before entering the premises. This 3 day event witnessed 8259 visitor footfall from various parts of India. All our exhibitors were continuously engaged with business enquiries. Several new Business opportunities found their way. The Line Array - Live Demo was an added interest for the visitors to experience their favourite brands performing live Outdoors. The Clash of DJs & Rap Battle was conducted in a more successful manner than the last edition. Special performances by leading performers of the country lifted the crowd's spirit. Yet again PROWAVE Expo served as a valuable platform for the industry & its professionals.

**8259** Trade Visitors | **60+** Stalls

**45K** Sq.ft Area | **200+** Brands

Hearty thanks from
